Autumn Term

Walk to School Month

October is International Walk to School Month.

The theme of this year's Walk to School Month is Power Up! and it is focusing on getting children to power up with energy by walking to school. A brisk walk to school is an easy way to boost energy levels for the day ahead and improve overall health. It's a chance to come together and promote walking to school and all the health, safety, social and environmental benefits it brings.

It is not always possible to walk to school every day for lots of reasons, but why not try to walk one day a week. Currently only around half of seven to 11 year olds are doing the recommended one hour of moderate physical activity a day. So it's essential to get kids moving.

Look on the websites www.walktoschool.org.uk and www.iwalktoschool.org for ideas and walking activities.

SMSA Wanted

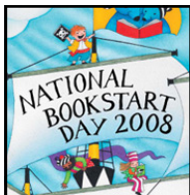

If you have any spare time at lunchtimes, why not join the team at school as a School Meals Supervisory Assistant (SMSA). You would be required to work everyday (5 hours), but if you don't want to commit to a regular appointment, why not put your name down to work as a relief SMSA if anyone is off.

Please ask in the school office for more information and an application form.
